Jim:

The September issue of the *Bulletin* arrived yesterday. Fifty-two pages! Lots of good reading there. Thanks. Robert

Here is an item, (perhaps) for **The Mail Car:**

Carbondale visit / from *S. Robert Powell*

We are very pleased to learn (September 2022 issue) that Frank Dutton and a friend had a good visit to Carbondale on July 22, and that they visited the site where our caboos is displayed ("D&H Caboos 35964 looks great next to City Hall") as well as Gravity Park ("...where the D&H monument continues to shine"). Those are two of the five "must see" D&H sites in Carbondale. The other three are (1) the monument on the site of the first deep underground Anthracite shaft mine in America, (2) the D&H Museum on the third floor of Carbondale City Hall (three rooms full of D&H displays), and (3) the former D&H office building (now a restaurant) on North Main Street. Thank you, Frank. Come again. The welcome mat is always out in Carbondale.
